About game 'Momo Horror Story'</p></p><p>It's likely that you already know who or what we're</p></p><p>talking about because the game 'Momo Horror Story's main</p></p><p>screen saver features a monster</p></p><p>with chicken paws and a feminine head. Yes, the character who calls th</p></p><p>e 'subscriber's</p></p><p>phone or sends frightening messages about the subscriber's impendi</p></p><p>ng death is she or</p></p><p>it. We hope you never receive such a message, but if it occ</p></p><p>urs in one of these games,</p></p><p>you can always use the terror experience you got.</p></p><p>As usual, the story begins with the</p></p><p>game's protagonist sitting at a computer when, out of the blue, hi</p></p><p>s phone made a noise,</p></p><p>signaling the arrival of a horrific text message warning of his impend</p></p><p>ing death. What</p></p><p>should one do in this circumstance? Maybe you should delete</p></p><p>and disregard the message.</p></p><p>But why did the light suddenly go out? All of a sudden, thi</p></p><p>s is just a coincidence.</p></p><p>Since we lack the strength to speculate further, it would be best</p></p><p>to get a flashlight.</p></p><p>Oh, there it is, laying on the table. Take it, look around, and attemp</p></p><p>t to find</p></p><p>something heavier. For instance, pick up a stick so you can</p></p><p>use it to strike a</p></p><p>prospective foe.</p></p><p></p></p><p>-----</p></p>
