<p>TenTrix</p>

<p></p>

<p>Share</p>

<p></p>

<p>TenTrix is a fantastic puzzle game set on a 10x10 playing board. The ob

jective is to fit all the pieces &#127818; together in rows like Tetris, but th

e pieces don't fall. Instead, you can match rows in any direction and place &#12

7818; pieces where you want.</p>

<p></p>

<p>How to Play TenTrix</p>

<p></p>

<p>TenTrix vs Tetris - what's the difference?</p>

<p></p>

<p>TenTrix and other 10x10 games are like Tetris &#127818; but lack the p

hysics. This difference means you can place blocks at any point around the board

, and clear rows &#127818; both vertically and horizontally.</p>

<p></p>

<p>This change in physics completely alters the strategy of the game. As s

uch, there is a more &#127818; diverse array of pieces you wouldn't find on a g

ame like Tetris.</p>

<p></p>

<p>The endgame</p>

<p></p>

<p>TenTrix provides you with a choice of 3 &#127818; pieces at a time, an

d you must use all of those pieces before being able to see any more. As &#12781

8; the game progresses, the free space will reduce as you struggle to find the

ideal placement for each block.</p>

<p></p>

<p>The game &#127818; ends when you have a piece to place on the board, b

ut there is no space for it. At the &#127818; end of each game you get a high s

core to try and beat next time you play.</p>

<p></p>

<p>TenTrix Tips</p>

<p></p>

<p>Don't play TenTrix &#127818; like it's Tetris - you can build in any d

irection.</p>

<p></p>

<p>Learn the different pieces so you know what to expect. Knowing &#127818

; what's to come will allow you to plan ahead.</p>

<p></p>

<p>Make sure you don't create too many small enclosures, as many pieces &#

127818; are large and could end the game quickly.</p>
