

bet casino

Roulette is not a scam in the sense that the casino is not cheating or rigging to win. However, it's important to understand this roulette game as a game of chance, and there is no way from guaranteeing a win. The "house edge" in roulette is a percentage, with money that an expected loss over time. It's not as simple as it seems. Quora has many questions about roulette, but it's important to approach such claims with skepticism. Consider the long-term statistical probabilities involved in gambling. It's not a reliable way to make a living. Is anyone making money as a roulette player? - Quora search results: is anyone making money as a roulette player? - Quora
