Along with this unified playing experience, crossplay enables the Cross
-progression. This means that your progression

is shared across all platforms. To enable Cross Progression on Call of Duty: Modern Warfare 2, you need to have a single account on all platforms. To activate Cross Progression, you need to link your accounts. To do this, go to the Settings menu in the game and select the Cross Progression option. Click on the link icon to connect your accounts. This process may take some time. Once completed, your progress will be saved across all platforms. To activate Cross Progression, you need to have a single account on all platforms. To activate Cross Progression, you need to link your accounts.
