<p>Moments before the horrific, blasphemous death of flash, the java script version of Happy Wheels has arrived. That was close. 1 , £ Sorry for the delay. Hopefully the fear of losing Happy Wheels did not prevent your restful sleep. If you didn't 1 , £ even know it was in development, then here is your exciting news.This is the first public version of the game, 1 , £ so please allow some time for the remaining bugs to be ironed out. Though I still love flash, what's great 1 , £ about this version is that it performs very well on mobile devices . However, this release does not yet include on 1 , £ screen mobile controls. That will be added in the next update. If you're desperate to try it out on your 1 , £ phone, a bluetooth keyboard works very well. Though I mentioned previously that the game would now run at 60 fps, 1 , £ some of the heavier levels definitely bog down at that framerate. It is already possible through a setting though, so 1 , £ perhaps I could host a 60 Hz version on another page for those with super beefy processors. Aside from that, 1 , £ Happy Wheels JS should be pretty close in every way to the original. The database of users, levels, and replays 1 , £ remains the same. The only thing lost is the impending doom of the end of existence. Goodboy Digital are my 1 , £ friends in London responsible for the port of the game, and they have my eternal thanks. This took far more 1 , £ effort than expected, and they even managed to make a custom port of box2d just to maintain all the quirks 1 , £ of the original game. I'd also like to thank site and discord admin Kittenswolf for his help, and everyone else 1 , £ beta testing on discord for the past few months. Thanks to everyone else for still playing Happy Wheels 10 years 1 , £ after its launch, even without updates. I don't know why this is still happening, but I wouldn't be doing what 1 , £ I'm doing without your help. Special no thanks to the few international randoms who have inspired a resurgence in DDOS'ing 1 , £ the site over the past couple months.The original flash version of Happy Wheels will, for as long as possible, be 1 , £ located here Yes, my full time job is still developing the sequel. No, I am a slow recluse and will 1 , £ not share anything. Ok, that's it seeya.</p></p>
