<p&qt;lt s brilliant! It s so fun to play and I think it has a lot of potenti al.</p> <p&qt;</p&qt; <p&qt;One thing I noticed is 🌜 that nothing prevents you from prepar ing the pizzas in between days. So in practice you could bake a bunch of ㇩ 2; pizzas completely, then start a new day and just serve the pizzas to the cli ents.</p> <p><7p> <p>I came up with a couple 🌜 of ideas that might help with this:& lt;/p> <p></p> <p>The kitchen area should be restricted during night time , and maybe th e team should 🌜 be instructed to do some other work (like cleaning, sho) Tj T* BT <p></p> <p>Pizzas should have a lifespan (in every state, from dough 🌜 to) Tj T* BT /l <p></p> <p>When a new day starts, all pizzas should be destroyed</p> <p></p> <p>Another suggestion would be to introduce some chaos events 🌜 t o the game. Something like ovens failing, machines breaking, sauce spilling and having to deal with it. That kind of 🌜 stuff really puts teamplay to th e test. This events could be fired randomly or maybe a skills system could be 🌜 implemented.</p> <p></p> <p>I m not guite sure about aesthetics. I think it has a well defined styl e and it holds toghether as one 🌜 piece, which is good. But I think it could still benefit from some texturing and lighting while staying in the ӽ 72; same style.</p> <p></p> <p>I hope this helps! I really enjoyed playing Vortelli s!</p> <p></p&at; <p>Cheers!</p> <p&qt;</p&qt; Autor: jamescall.com Assunto: e soccer bet Palavras-chave: e soccer bet Tempo: 2024/8/27 18:10:42
