Wield hardcore weapons, and unleash your powers in one of our ninja games. Accept traditional fighting challenges, or flip your way through 2D side-scrolling games. With so many challenges available, you'll be having new adventures for many hours to come. We have ninja levels for all kinds of players, showcasing cartoon graphics and gruesome visuals alike. Use swords, nunchucks, and even chainsaws as you defeat your mortal enemies. Attack in the middle of the night, and attack via stealth like a true warrior!

Our ninja games feature a variety of game types, including action, adventure, fighting, and stealth. Use just your keyboard to sneak through levels, hop over opponents, slide under obstacles, and swing your fists of fury! If you wish, view the instructions included in each game and learn how to devastate your enemies. There is little-to-no learning curve for most warrior games, meaning you can fight like a pro and attempt to beat challenging levels in no time! With so many options available, you'll feel

I like a real ninja.
