

# jogo de poker para ganhar dinheiro

Poker Calculator Pro is the most accurate odds calculation system online. This is more than a way to see hand strengths, its the last Poker Calculator Pro you'll ever need. Use Poker Calculator Pro to instantly see your hands' winning percentages, hand strengths, odds, outs needed, and more on demand. Includes Hold'em Profile for unlimited hand history storage via Cloud integration.

Frequently Asked Questions about Poker Calculator Pro

Q: Is Poker Calculator Pro legal to use?

A: Yes, we work with all poker sites that support our software to ensure all of our products are appropriate with each site's Terms of Service. That's why Poker Calculator works slightly different on PokerStars.

Q: Poker Calculator Pro attaches but does not display any data. What am I doing wrong?

A: If you have Vista or Windows 7/8 then please launch Poker Calculator Pro in admin mode.

Right click it and select "Run as administrator" from the pop-up window. Then launch your poker client in admin mode as well. Please make sure to launch Poker Calculator Pro first prior to launching any tables.

Q: I followed your instructions and launched Poker Calculator Pro in admin mode but still not seeing all data.

A: Please enable Hand History saving on your site as shown here for PokerStars and FullTilt Poker ( you will need to do the same for your Tj T\* BT /F1

<http://pokerstars/poker/room/support/faq/#hand>

<http://fulltiltpoker/poker/software/re/hand-history>

Then log into Poker Calculator, click on Auto Import, select your poker room from the list and make sure the folder matches the one where you save your site's hand history files.

Q: Can I use Poker Calculator Pro on multiple sites at once?

A: Yes. You can use Poker Calculator Pro on all supported sites
