Omaha is a variant of Texas Hold'em Poker. Omaha is considered, by some, to be the best game of poker to master! There are many different video games from poker and Omaha. It is for many the easiest to learn on play and the hardest to bluff in. It is played most often at fixed limit, like Houston Hold'em and 1-pot-limit Omaha. Power Omaha is a variation of Omaha. For an excellent "world encyclopedia" on hand poker, see the PERI Encyclopedia; Mexican Poker displays similar to the Five-card stud format using Only 52 cards plus a joker. Eights, nines and tens are removed from the regular deck of 52 cards. The joker is wild unless it is exposed by the dealer. The Joker can only be used as an Ace, in a straight or a flush!
