According to Activision's post on X (formerly Twitter), the huge file size is due to an increased amount of content available on Day 1, which includes map files for Call of Warzone, support for Modern Warfare II items, and the new open-world Zombies mode. It's estimated that the game can now take up over 200GB with space for updates. This is a complicated matter. On 2024/11, call of duty: modern warfare 3 storage is 100GB. Black Ops Cold War PS4
