<p>Betfair is a company with a legal presence in multiple countries. Some

of these countries include the United Kingdom, Ireland, Netherlands, Italy, Esto

nia, Latvia, Lithuania, and Poland. While Betfair is legal in these countries, i

t is important for users to know that winning accounts will not be closed or sus

pended.</p>

<p>

This issue of closing winning accounts has been a concern among users o

f betting platforms. However, according to Betfair's official website, this

will not be the case for winning accounts. So, players can relax and focus on th

eir games without worrying about getting their accounts closed due to winning.<

<p>For users in countries where Betfair is not legal, there is a way to ac

cess the platform through Virtual Private Networks (VPNs), as stated in an artic

le by Comparitech called "Best VPNs for Betfair: How to Access Betfair from

Abroad". Accessing Betfair using VPNs is just one of the many benefits pro

vided by these programs. But, it is important to note that using a VPN while pla

ying on Betfair may go against the platform's terms of service.</p>

<p>Lastly, it is important to note that for countries with a legal currenc

y other than the British pound, like Brazil's real (R\$), the exchange rate f

rom pounds to reais may vary. It is recommended to regularly check the exchange

rate in order to track winnings while playing on Betfair.</p>

<p>In summary, Betfair is legal in various countries such as the UK, Irela

nd, and the Netherlands, among others. Additionally, there is no concern about w

inning accounts being closed or suspended. Users in countries where Betfair is n

ot legal can access the platform using VPNs at the risk of going against the pla

tform's terms of service. Lastly, for countries with a currency other than p

ounds, users must keep track of the exchange rate when playing on Betfair.</p>
